Family Update

February 2004

Would you like to know more about how my family is doing? Hope so—because this is our Family Update! I love my job more every day! I have the pleasure of doing what I love which is telling people about Jesus and helping them with their real needs. Every day I have the opportunity to work with a team that supports me, my family and our ministry in the International Village. Since May I've been on a diet (remember "Error of my Weighs?") and have lost 21 pounds as of this morning. I usually run about two miles every other day dragging our little Sugar dog behind me. We enjoy watching movies together, although our tastes are somewhat different: the boys like shootin' and blowin' stuff up movies while the girls like lovey dovey stuff. Kathy and I enjoy eating at different restaurants, our favorites being El Toreros, Pho Truc (Vietnamese), and Provinos for Italian. We like taking long walks to the park and hiking in the woods. I spend at least two hours in the car every day so please pray for my traveling safety.

WOO WOO guess who?!?! Ashley YAY! heeheehee... I'm a freshman at Parkview High School and like any other teenage girl I love being with my friends. School to me is just work that must get done, the only subject I like is lunch. I miss my recess. Anyway, as I've gotten older I've started to enjoy books more. Still, I love my TV. On Friday nights my friends and I usually chill at the mall or movies. My fav color is pink. Luff u mucho!

Hey. This is Jesse. I'm in 7th grade now and I like science in school. I read books about genetics and fish. Did you know that an octopus is all muscle and a beak? It is the smartest fish in the sea. My dad is helping me set up an aquarium so we can have an octopus in our house! I know all about nitrates and nitrites and carbon filters and siphons and stuff like that. If you're ever in town come by and see my collection.

Kathy—I'll be 44 this year and I love having teenagers. They are both perfect children, if you don't believe me, just ask them! Jesse and Tim spend a lot of time together stocking and arranging J's aquariums. Other than being an all "A" student, Jesse is 13 and all boy. I have two men to train! J helps do some chores around the house, but his main contribution to me is his steady legs especially when we hike up the trail. He is very verbal in sharing his love to me. Mamas love that, don't we all?! Ashley shares her love with anyone who calls her phone. Sometimes when I spend a day with the boys (J and T) I call Ashley to talk about important girl stuff. I enjoy early evenings with her. She gets up at 6 AM and is out the door at 6:40! Some afternoons we eat lunch when she arrives at 2:30 PM. I'm a substitute teacher for DeKalb county three days a week and teach English as a Second Language at DeKalb Tech. I get to visit my parents and help them. Tim and I have Thursday nights out but most of all I love to walk and enjoy our park. Pray for our exercise to continue, for Ashley's driving and family harmony.

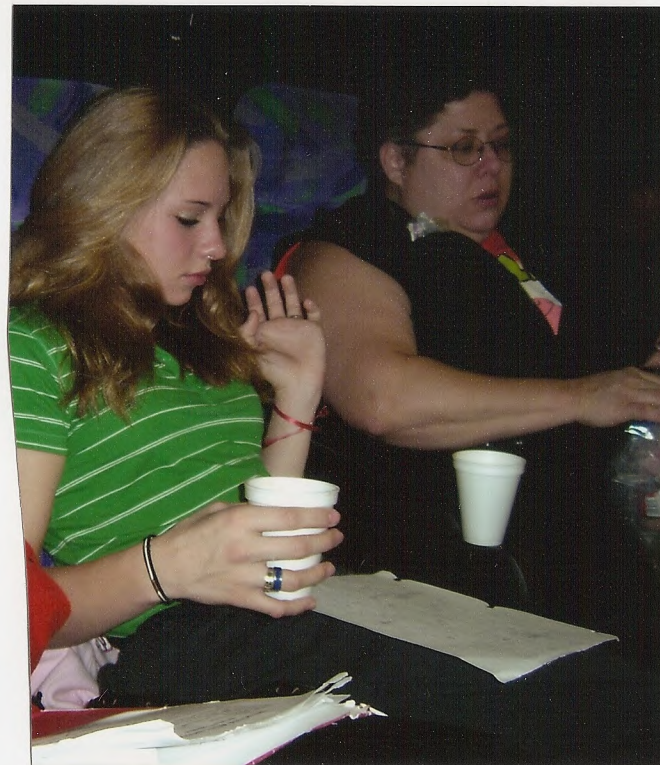

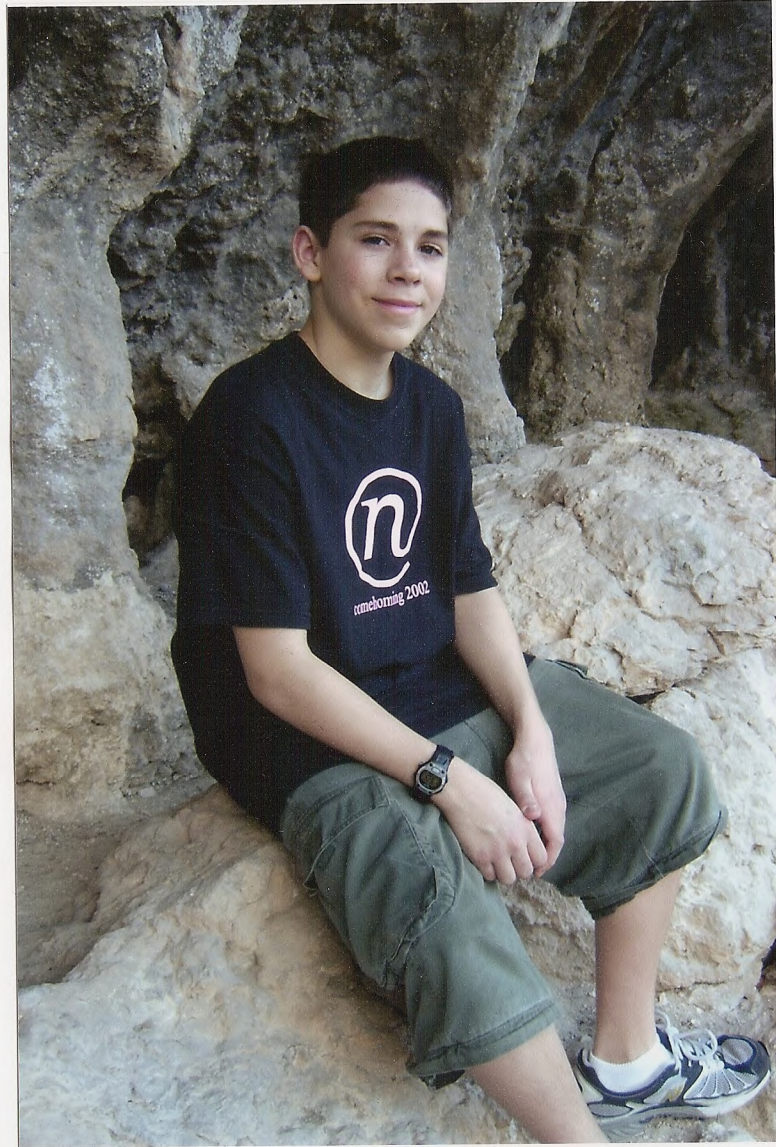

Love to you all from the Cummins family!! Have a blessed year!
