

Letters from the MISSION Field

November 2012

"Everyone grab a seat and I'll pass out the supplies." I tell the room full of rowdy fifth graders.

They find their seats as I begin to pass out the foam balls, paper, clay and scissors. Today we are working on making 3D animal cells for their school science projects.

I draw a diagram pointing out the mitochondria, vacuoles, ribosomes and cytoplasm. All the hands begin moving together sculpting different parts of the cell. When they're finished, they bring me their pieces and I carefully hot glue them onto the foam balls.

These children, from all over the world, are working so hard together. The room is full of laughter and gossip. I watch them work in unison and I'm reminded that just as these cells make up our bodies, we make up the body of Christ.

I'm also reminded how important it is for us to be here, a lighthouse to this community. If we weren't here, these kids would fail their projects. But because of YOU we are able to provide these children with knowledge not only about reading, writing and arithmetic but also about Jesus. Thank you for supporting the body of Christ.

"Just as a body, though one, has many parts, but all its many parts form one body, so it is with Christ. For we were all baptized in one Spirit so as to form one body—whether Jews or Gentiles, slave or free—and we were all given the one Spirit to drink. Even so the body is not made up of one part but of many." 1 Corinthians 12:12-14

Ashley and miles

HAPPY BIRTHDAY JESSE! We had a great goat curry dinner with our missionary friends and throwing a popsicle party at Pizala mission.

THANK YOU 12 STONE FOR THROWING FIVE GREAT BLOCK PARTIES!
