## Outreach Update

May 2011

Hello, my friends!

I got the call in the evening. “Tim! Wanted to let you know that I’ve been having a problem. I’ve had some bleeding. The doctors suspect cancer.” It was one of our supporters and a great friend of our family!

He shared that he was going into the hospital for surgery in a few days. Of course I was very concerned. But he wasn’t. “I know the Lord is going to take care of this, and I’m ready to be with Him if He doesn’t. It’s given me a lot of opportunities to tell people about Jesus already.”

I was amazed! Most people go straight into “moaning mode.” I usually hear “poor me” stories and “why would God do something like this?” His attitude was completely positive and accepting of *any* outcome.

I told him, “Brother, God isn’t done with you yet! He still has plenty of work for you to do down here! And I know, when we look back on this situation and everything is completely OK, we’ll see the reason for why this happened.” As is my habit, I told him, “I’d like to pray for you! FATHER, you know everything about my brother’s condition. You know how much he loves you and tells people about you. Lord, we ask that you’ll guide the surgeon’s hands. Make his recovery complete and easy. Give peace to the family and his sweet wife in particular. Father, we put this completely in your hands. We may not know what the future holds but *we know who holds the future!* AMEN!”

Several days later my friend called me back from the hospital. “Tim, just wanted to let you know that everything came out just great! In fact, the doctor found some other things while he got the growth out. He told me if he hadn’t gone in when he did because of this problem, I probably would have died.”

Praise the Lord! Let me tell you my friend, God is still in the miracle working business! He loves you SO much and wants you to lean on HIM, just as my friend did. You are part of the Whirlwind Missions team. We wouldn’t be here if it wasn’t for YOU. And that means if you ever need someone to pray with you or just be a friend and listen . . .
